Electronics Systems Engineering Technology. The Bachelor of Science (BS) degree with an area of study in Electronics Systems Engineering Technology is designed for technologists employed in various phases of the electronics industry, including computer hardware, avionics, instrumentation and control, and communications.

BS Degree in Electronic Systems Engineering Technology at

In bulk heterojunction organic solar cells, the highest occupied molecular orbital and lowest unoccupied molecular orbital levels usually vary with film?depth as a result of vertical phase evolution during sample preparation, leading to film?depth?dependent optical and electronic properties. Here, it is found that optimization of such vertical optical and electronic variations provides a ...
