SHOTSHELL RELOADING DATA (12 GAUGE HUNTING) Compiled By Uncle Dave's Enterprise Updated 09/10/2007

SHOTSHELL RELOADING DATA - unclavedenterprise.com

Handloading or reloading is the process of loading firearm cartridges or shotgun shells by assembling the individual components (case/hull, primer, powder, and bullet/shot), rather than purchasing completely assembled, factory-loaded ammunition. The term handloading is the more general term, as it refers to assembly of ammunition using components from any source.

Handloading - Wikipedia

Hello Revolver: First off let me cuss you for even bringin up the 410 slug reloading. I have been for a long long time been lookin testing assembling combinations for the 410 slug myself.

410 Slugs? - Shooters Forum

Having the right ammo means a lot for the shooting of your handgun. It is the reason many people like taking time to find the best 9mm self-defense ammo for concealed carry.
