Mark W. Watson: Publications and Replication materials

It is high time we rediscovered the role of the financial cycle in macroeconomics. In the environment that has prevailed for at least three decades now, it is not possible to understand business fluctuations and the corresponding analytical and policy challenges without understanding the financial cycle.

The financial cycle and macroeconomics: What have we

Global studies is the interdisciplinary study of political, economic, legal, ecological and cultural interconnectedness. Predominant subjects are politics, economics and law on an international level. Global studies is oriented around the study of globalization as it relates to intercontinental politics, the global economy, international law, market relations, the movement of people and ...
