The 2014 KIDS COUNT Data Book, the 25th edition of the annual report on child well-being, finds that children in the United States continue to have made gains in the areas of health, safety and education since 1990. As a result of the recession, however, the economic well-being of children remains a concern.

The Casey Foundation's 2018 KIDS COUNT® Data Book warns that the 2020 census is mired in challenges that could shortchange the official census count by at least 1 million kids younger than age 5. This discrepancy would put hundreds of millions of federal dollars at risk and, in doing so, underfund programs that are critical for family stability and opportunity.
