mind games emotionally manipulative pdf

Psychological manipulation is a type of social influence that aims to change the behavior or perception of others through indirect, deceptive, or underhanded tactics. By advancing the interests of the manipulator, often at another's expense, such methods could be considered exploitative and devious.

Psychological manipulation - Wikipedia

Emotional abuse of a child is commonly defined as a pattern of behavior by parents or caregivers that can seriously interfere with a child's cognitive, emotional, psychological, or social development. Some parents may emotionally and psychologically harm their children because of stress, poor parenting skills, social isolation, and lack of available resources or inappropriate expectations of ...
