We conducted a one-year longitudinal study in which 600 American adults regularly reported their climate change beliefs, pro-environmental behavior, and other climate-change related measures.

Believing in climate change, but not behaving sustainably

Highlights The built environment can contribute to reducing errors, falls, and infections. The built environment can enhance the privacy, comfort, and control. Examples of design features are: single-bed rooms and identical rooms. Most of the evidence is found in the topic of view and acoustic comfort. Most staff outcomes are empirical based and not scientifically proven.

PLANTS IN THE CLASSROOM CAN IMPROVE STUDENT PERFORMANCE

In statistics, the Pearson correlation coefficient (PCC, pronounced / ? p ??r s ?n /), also referred to as Pearson's r, the Pearson product-moment correlation coefficient (PPMCC) or the bivariate correlation, is a measure of the linear correlation between two variables X and Y. According to the Cauchy-Schwarz inequality it has a value between +1 and ?1, where 1 is total positive linear ...

Pearson correlation coefficient - Wikipedia

Ecology; Ecology addresses the full scale of life, from tiny bacteria to processes that span the entire planet. Ecologists study many diverse and complex relations among species, such as predation and pollination. The diversity of life is organized into different habitats, from terrestrial (middle) to aquatic ecosystems.

Ecology - Wikipedia

International Journal of Secondary Education (IJSEDU) deals with both education theory and research and their implications for teaching practice. It prefers to publish original studies that contain data about school and classroom processes in elementary or middle schools while occasionally publishing integrative research reviews and in-depth conceptual analyses of schooling.

The American Academy of Pediatrics issued its first statement on homosexuality and adolescents in 1983, with a revision in 1993. This report reflects the growing understanding of youth of differing sexual orientations. Young people are recognizing their sexual orientation earlier than in the past, making this a topic of importance to pediatricians.
