Training in the visual arts has generally been through variations of the apprentice and workshop systems. In Europe the Renaissance movement to increase the prestige of the artist led to the academy system for training artists, and today most of the people who are pursuing a career in arts train in art schools at tertiary levels. Visual arts have now become an elective subject in most ...

Visual arts in Israel refers to plastic art created in the Land of Israel/Palestine region, from the later part of the 19th century until today, or art created by Israeli artists. Visual art in Israel encompasses a wide spectrum of techniques, styles and themes reflecting a dialogue with Jewish art throughout the ages and attempts to formulate a national identity.
